Adesegun is a certified SAP Procurement Consultant and digital procurement transformation expert with extensive international experience delivering SAP Ariba and SAP S/4HANA Sourcing and Procurement (MM) solutions. Over the past 17 years, he has successfully led and supported more than ten (10) full-cycle SAP S/4HANA MM(P2P) and SAP Ariba Sourcing, Buying and Invoicing implementations across diverse industries including, telecommunications, Manufacturing, Energy, Construction, Natural Conservation, and Services.

Working within the SAP Activate Methodology, Adesegun combines deep technical expertise with strong business process understanding to deliver procurement solutions that drive measurable value, compliance, and efficiency. His core strengths include Supplier and Catalog Enablement, Integration between Ariba and S/4HANA, and end-to-end process optimization from sourcing to payment with integration to other SAP Modules.

Analytical, detail-oriented, and client-focused, Adesegun is known for translating complex procurement requirements into tailored, results-driven solutions while fostering strong stakeholder relationships. Passionate about technology and business transformation, he leverages SAP Ariba and SAP S/4HANA to help organizations of all sizes achieve operational excellence and digital maturity in procurement.

Beyond consulting, Adesegun actively shares insights through his SAP career mentorship programs and thought-leadership content focused on SAP Ariba, S/4HANA, and the evolving future of procurement.

Salau Michael Omeiza is a SAP Procurement Consultant and Digital Supply Chain Specialist with hands-on experience deploying and optimizing SAP Ariba Sourcing, Buying & Invoicing, and Supplier Enablement solutions.

Michael's career bridges procurement operations and digital transformation, helping organizations simplify, automate, and strengthen their sourcing and supplier management processes. At the Nigerian National Petroleum Company Limited (NNPCL), he plays a key role in advancing procurement efficiency by optimizing Procure-to-Pay (P2P) workflows, streamlining approval hierarchies, and enabling data-driven supplier qualification and contract management frameworks.

His expertise spans SAP Ariba-S/4HANA integration, Supplier Lifecycle Performance (SLP), and master data management via SAP Process Orchestration (PO). He has also led supplier onboarding programs and end-user training initiatives, driving greater adoption, compliance, and operational excellence across the supply chain.

Michael holds a Bachelor of Technology in Mathematics and Statistics from the Federal University of Technology, Minna, and certifications in SAP Ariba Procurement, SAP Ariba Sourcing, and SAP Analytics Cloud (Planning).

He is passionate about helping organizations unlock value through SAP innovation, drive process excellence, and achieve measurable business outcomes. Beyond his project work, Michael mentors upcoming SAP professionals and shares insights on Ariba, S/4HANA, and Procurement Best Practices to support the next generation of digital procurement leaders.
